Rush Pikes Peak Soccer Club maintains a two-year purchase policy for our boys and girls competitive teams that is compliant with the existing sponsorship agreement between the Club and Adidas. All competitive teams are required to purchase a new kit every two years or upon the introduction of a new style by Adidas, whichever is longer. Uniforms must be purchased and used in league/tournament play for each team's respective Colorado State Youth Soccer Association season immediately following the uniform launch. Teams WILL NOT be asked to buy replacement uniforms for the identical style and color that they already own.

The Club's competitive uniform policy governs uniform purchases for Rush competitive teams, boys and girls, ages U11-U18 only.

U11 Exclusion to the above policy:
All teams joining the Rush competitive program at the customary U11 level in years in which a new Adidas kit is NOT introduced will be permitted to play in their existing uniform until a new Adidas kit is introduced. Teams may purchase the competitive uniform current at the time of their joining the competitive program, at the discretion of their individual coach or Director of Coaching, but they will still be required to purchase a new kit upon the next introduction of a new uniform style.

Example 1: Team 1 joins the competitive program in Fall 2005. Adidas is planning a new kit launch in Fall 2006. Team 1 will be permitted to play in their uniform during the Fall '05 and Spring '06 seasons, and will then be required to purchase the new kit in Fall 2006 and every two years after that.

Example 2: Team 2 joins the competitive program in Fall 2005. Adidas is planning a new kit launch in Fall 2005. Team 2 will be required to purchase the new kit for their inaugural Fall 2005 season and every two years after that.

Example 3: Team 3 joins the competitive program in Fall 2005. Adidas is planning a new kit launch in Fall 2006. Team 3 is not required to purchase a new uniform for the Fall 2005 season, but they decide to do so at the discretion of their coach. Team 3 would still be required to purchase the new Adidas kit in the Fall 2006.

U18 Exclusion to the above policy:
Teams that play at the U18 level are in their final year in the Club's competitive program. If a team's U18 year coincides with the launch of a new Adidas uniform kit, then they will not be required to purchase the new kit and will be permitted to finish their Rush tenure in their current kit.

Example 1: Team 1 plays U18 in Fall 2005. Adidas introduces a new kit in Fall 2005. Since it is their last year in the Club, Team 1 will not be required to purchase the new '05 kit, but they may do so at the discretion of their individual coach or Director of Coaching.

Example 2: Team 2 plays U17 in Fall 2005. Adidas introduces a new kit in Fall 2005. Team 3 will be required to purchase the new kit for the Fall 2005 season.

Uniform Numbering

All competitive team uniforms must display numbers. The Rush numbering system is as follows: 1, 18, 28 for goalkeepers only; 2-22 (excluding 18) for field players only. This applies to all teams, Rush, Nero, Azul, Cinza and Weiss.

Ordering Uniforms through Eurosport

All uniform ordering is done through the www.soccer.com website. Please contact your team manager for more information.
