The Mighty Mites program is a unique opportunity to introduce your child to soccer. It is a 4 week program that will give your child a great start to this lifetime sport and will also prepare them for Rush U-5 Developmental Soccer. The idea is to introduce children to the game of soccer by developing their motor skills, ball skills, and concepts of small sided games. Sessions last for 45 minutes and the emphasis is very firmly on FUN! We believe that kids will be more comfortable and develop faster in this type of environment.
