

Between January 3 and 9 Nik Penn (Technical Director/DOC Seniors) and Paul Davison (DOC Youth Boys) renewed their USSF A Licenses at the Home Depot Center in Carson, CA. After achieving the highest domestic license, coaches are required to renew every four years by attending a continuing education course or an audit of the A itself. Both Nik and Paul successfully renewed their credentials (though their may still be some bumps, bruises and sore muscles after all that playing!) See below for some photos from the week. Congratulations Nik and Paul!
