

The Rush Pikes Peak 7 v 7 Tournaments are a seasonal event conducted to give all the players in the club a chance to play with and against other players within their age group in a fun environment. Players are randomly selected to different teams of 7 or 8, and given about five minutes to choose a team captain and team name, immediately forcing the kids to start interacting with unfamiliar players and coming together as quickly as possible. The teams are then put into a tournament setting playing as many as five games against all the other teams. The tournament is a fun event, where the players have a chance to play different positions, make new friends and build club camaraderie.
