

The U16 Nike Girls have overcome many challenges and started on the road to finding their way in Division I soccer. With only four players returning to the team from last year's roster, the new players have done a great job of contributing to the team effort. Headed by coach Espen Hosoiien, and along with the help of staff trainer Nancy Sibley, the team members are learning how to play with each other and are having a great time along the way. The girls have advanced past the first round of the President's Cup and are in the quarterfinals this coming weekend. They also plan on traveling to Dallas in December for a college showcase tournament. Great job girls, keep up the good work and best of luck this weekend!
