

Congratulations are in order for Rush Pikes Peak Coach Lauren Meehan who recently earned her USSF "B" License. She attended the course at Stub Hub Center last January. After 9 tough days (and one late tackle from a coursemate that almost landed her on the injured reserve list) she completed the course successfully. She is now the 10th Rush Pikes Peak coach to have earned this license. For more on Lauren and her work with the club, check out her [bio page](#). Congratulations Lauren and keep up the great work!
